

Tunbridge Wells Juggling Club Newsletter

February 1995

Welcome to the first club newsletter, this aims to keep everyone regularly informed of weekly workshops, local events, club purchases and maybe even a discount from Air Circus - who knows.

I would first like to thank all our members for supporting the club, and also to encourage any regulars who are not members to join (we're all one big happy family.)

If anyone hears of any juggling events, conventions, or has anything you think the club would find interesting, please let me know and we can put it the next newsletter.

Workshops

Richards Balancing Workshop will be a regular thing as long as enough people are interested.

March 21st Another Mime Workshop with the talented Richard Vobes.

Dates of Interest

February 22-25 John Lawsons Circus will be in the Angel Centre Tonbridge

July 8 Tunbridge Wells Carnival

September 9 Crowborough Carnival

We have a float for both of the carnivals, and we will need as much help and support as we can get. These events are always great fun to take part in and are also a good advert for the club.

Club Purchases

The club has enough money to buy a free standing **tightrope** rig which is 7ft long and 2ft off the ground. This will cost the club £140, please could everybody let me know what they think of this idea, currently we have about £280 in the club account.
